

A conversation with The Walkers.

Roanoke Regional Forum presents a conversation with Ed and Katherine Walker

Visionary entrepreneurs Ed and Katherine Walker have been instrumental in much of the rejuvenation of downtown Roanoke, including the rebirth of the Patrick Henry Hotel and the renovation of the Cotton Mill building. The couple is also the driving force behind the Kirk Avenue Music Hall, a live venue that supports music education for kids. Don't miss an opportunity to be a part of a casual conversation with the Walkers as they share their insights and experiences in connecting people and ideas to build great communities.
